Student Satisfaction Survey Analysis: 2019-20

Student Satisfaction Survey Analysis: 2019-20

- A general feedback is collected from all the students at the end of every semester on a five point scale. The survey is intended to analyse the student learning experience and based on feedback to device interventions wherever required to improve the quality of education.
- Out of the 20 questions, five are related to curriculum. IQAC analyzes the feedback received and any important finding will be informed to the concerned teacher to address it.
- The analysis of the feedback obtained in 2019-20 has been found that the score is above four in the five point scale
