Report on a Training Programme attended by Youth Red Cross Unit organized by

“Pain and Paliative”Aluva Unit

Date:10/03/2018

The pain and paliative care unit of Ernakulam District and Indian Association of Paliative Care together organized a Medical camp followed by a class and a curtain raising programme for the upcoming International Conference in 2019 at Aely Hills, Keezhmadu on 10th March ,2018.

They give us two classes, first by by Dr. ReghuUthaman(Oncologist) and second by Dr. P Ramkumar, working at Aster Medicity. Dr. Hyder Ali was also there in the guest panel.

Dr. ReghuUthaman’s class was about cancer.He said that the main reason for cancer today is the use of tobacco and the most common cancer type seen in women is breast cancer. He briefly talked about it and explained the ways to detect it.He ended up his class by the role of paliativ care among folks.

The second class by Dr.PRamkumar was also interesting and very helpful as he shared experiences as a doctor and explained what effects the quality of life.He carried out his class in a good way and said everyone to take life in a positive way.He also proposed the paliative care unit to start up a new innovation to fight against depression in people.

The class was a complete satisfaction for the people who are related to paliative care.
