

MES COLLEGE MARAMPALLY

Additional Skill Acquisition Programme (ASAP) Cell

Report 2021-22

In the academic year **2021-22**, ASAP is venturing into a meaningful platform of setting up an ASAP Cell in all Colleges. As per the instruction from the District Programme Manager, the institution formed an ASAP Cell, MES College Marampally on 6th August 2021. The cell aims to bring together the students into a common platform where they can have discussions, seminars, workshops, webinars on skilling and global trends in job. The objective of the cell, the structure, the operational aspects, the benefits to the members are detailed as follows:

- To create an alumni of ASAP in every college associated with ASAP.
- To have an active link with the student community.
- To disseminate new initiatives of ASAP to the student community.
- To create a platform for the students to gather occasionally and have meaningful discussions and seminars on global trends in jobs and skill sets.
- To provide the industry connect support for the institution.
- To provide grooming sessions including interview preparations to students as part of placement support.
- As a feeding point for developing customized training programs.
- To have a constant liaison with the teaching fraternity.

An Orientation on *Skill Programs and Skilling Ecosystem* conducted for the UG & PG final year Maths, BBA and Commerce students of MES College, Marampally on 29 September 2021. The aim of the orientation programme was to give awareness about the offline and online courses now offered by ASAP Kerala, which the students can learn as an add-on course. About 110 students participated in the programme. The resource persons for the programme were Mr. Varghese George, District Programme Manager, ASAP and Ms. Ginu Joseph, Programme Manager, ASAP.

Orientation of the following Offline Courses were conducted

- Design Sector
- Rubber Sector
- Sports Sector
- Electronics Sector

Orientation of the following Online Courses were conducted

- Banking Sector
- Healthcare Sector
- IT Sector

ASAP Kerala in association with Edunet Foundation is launching the Tech Saksham programme of Microsoft and SAP India as part of the activities of ASAP Cell network. The Tech Saksham programme offered a Faculty Development Programme to interested faculty members from the Engineering, Arts and Science colleges which have established ASAP Cells. However, the faculty from the various colleges who attended the FDP will be considered as a Tech Saksham Ambassador and the faculties can share the knowledge regarding the topic to the students of their own institution and other institutions also. Three faculties of our institution successfully attended the FDP.

1. Ms. Indu Sussan Varghese, Assistant Professor, Dept. of Computer Applications.
2. Ms. Chika, Assistant Professor, Dept. of Electronics.
3. Ms. Roshini Alex, Assistant Professor, Dept. of Electronics

Based on this, **ASAP Cell of MES College Marampally in association with Internal Quality Assurance Cell (IQAC) organized a Knowledge Transfer Session on ARTIFICIAL**

INTELLIGENCE on 10th & 11th March, 2022. Ms. Indu Sussan Varghese, Assistant Professor, Dept. of Computer Applications, MES College Marampally handled the session. 209 students participated in the programme.
