During August and September, the classes were conducted only for third and fifth semester students only. First semester classes started in October as the admission to first semester was completed only in September. Second, Fourth and Sixth semester SSP classes were started in December 2016. Fifty students from each semester enrolled in this programme, thus a total number of 150 students. The selection of the students was on the basis of the marks obtained in the qualifying examination.

Applications were collected from the students and the most difficult subject from each Programme (4 Programmes – In MES College, Marampally we have only four aided Programmes) was identified. English was one of the five subjects for the first and second year. In third year two subjects were given to B.Com Computer Applications. The resource persons were selected based on the choice of students and the willingness of the resource persons. 10 sessions for each subject in each semester were completed on time. Odd semesters completed in November 2016 and even semesters in March 2017. Classes were taken after the normal working hours of the college or in Saturdays and holidays. On an average the attendance of the students is about 85%.
