

NPTEL

NPTEL (National Programme on Technology Enhanced Learning) is a joint initiative of the IITs and IISc. Through this initiative, they offer online courses and certification in various topics. Our College is a local chapter of NPTEL. Our students and teachers are so enthusiastic in doing the NPTEL online courses.

Online course: Free for all

Certification exam: For a nominal fee.

Learn anytime, anywhere! Only requirement: Interest and enthusiasm to learn

Around 269 courses in various topics are available.

Upon completion of a course with 40% marks, certificate from IIT(IIM) will be awarded to the student.

Scholarships are provided for the selected students who perform well in assignments and exams.

Our Internet lab in the library is dedicated for NPTEL online courses. Students can watch video lectures during free time.

Many students and faculties are enrolling for the courses with at most interest. Around 350+ enrollments happen every year. Many of our students and faculties bagged elite Gold medal in the online exam.
