MES ORMA ALUMNI ASSOCIATION

Annual Report 2021-22

Alumni Meet: Department of Electronics

2003-06 batch students of BSc Electronics gathered at MES college Marampally after 15 years on 26 December 2021. They arranged 'ormakoodu', the nest of nostalgia, in their old class room with their teachers. The meet was jointly inaugurated by their teachers Dr. Jasmine P M, Sri. Sam Kollannore U, Dr. Raphika P M and Smt. Subaida K M. All the participants shared their tribute to their missed fellow friend Mr. Sobhen, who had departed.

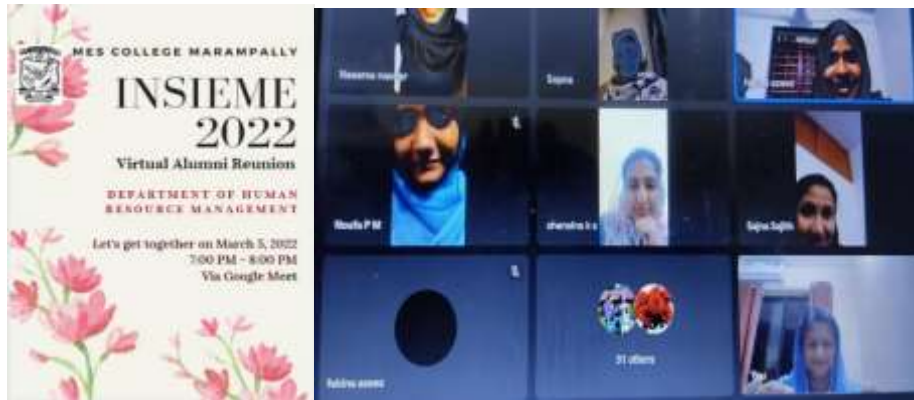

The Alumni members took an initiative to start a trust in memory of their departed friend Mr. Sobhen and named as Sobhen Memorial Charitable Trust and collected an amount of Rs.60000/- (Sixty Thousand rupees). This contribution handed over to Ms. Shernas Mol, another alumni suffering from critical health issues.

Alumni Meet: Department of Human Resource Management

Department of Human Resource Management conducted Alumni Meet virtually on 4 March 2022. Around 40 alumni participated. The meet was formally inaugurated by Dr Sopna V Mohammed, Head, Department of Business Administration. Alumni shared their experiences at MES College and the Department, as well as their experiences at work. They also discussed on the scope and

limitations of MHRM course. Alumni actively interacted with the ongoing batch, shared their experiences and explained on the benefits and challenges they faced at work.

Alumni Class Meet: Department of Computer Applications

Alumni of 1998-2001 batch of the Department of Computer Applications, MES College, Marampally conducted an online meet through Zoom on 5 June 2021. The meeting included former management Secretary, Mr. A M Aboobacker, 40 alumni and teachers including the retired faculty members; Dr. T R MuraliKrishnan, Dr. M T Joy, Dr. Murugan R, Ms. K. M.Subaida, Ms. Sunitha Beevi and Mr. Mujeeb. Other faculties Mr. Joseph Deril K S, Dr. Jaseena K U and Dr. Sabu M K, former Head of the Department, and Technical Staff Ms. Lincy George attended the online Zoom meet.

Alumni Meet: Department of Commerce

Department of Commerce organized an online alumni meet of B.Com. 2004-07 batch on 26 June 2021. All the alumni from various places joined the online gathering in Google Meet. The programme was organized by Dr. Farzana Hussain, our faculty member and alumni. Fifty five alumni members participated in the online meet. All the participants shared their memorable experiences and enjoyed the online events.

Alumni as resource persons:

Meet The Entrepreneur: Dept of Computer Applications in association with the Innovation and Entrepreneurship Development Centre (IEDC), organized a Webinar on 'MEET THE ENTREPRENEUR' on 5th August 2021 via Google Meet from 3 pm to 5 pm. Mr. Muhammad Shuraif, Assistant Vice President of Business Diversification, and alumni of the Department (2003-2006 Batch) shared his experiences in the business industry and the jobs he has done and interacted with the participants through questions and answers. He then interacted with the participants through questions and answers. "Being an entrepreneur is not just a job, it is a lifestyle that defines you." He succeeded in giving everyone an eagle's view of that lifestyle. Other alumni from the BCA 2003-2006 batch attended the meet, including Aneesh, Abhilash, Shambu, and Jibin, sharing their experiences and providing more motivational stories. Each of them put forward their views and advice on entrepreneurship. They pointed out the importance of a unique idea and a strong vision we need for achieving the desired success in the entrepreneurial world. About 50 students attended this event.

A webinar on 'Building Innovation/`Creating Prototypes' was conducted by Department of Electronics in association with Institution's innovation Council on 12 June 2021. Our MSc Electronics alumni Dr. Alwin Poulose handled the session. He is currently researcher, Kyungpook National University, Daegu, South Korea.

This session provided a meaningful overview of how to determine the target customer, customer needs, value proposition, product feature set etc. He also exemplified the building and creation of a prototype using a project.

Alumni Association as Supportive:

The Alumni association ORMA took timely initiatives to extend financial support to one of our alumni member (2002-07 BSc/MSc Electronics & 2007-16 as Faculty member) who was passing through critical treatments.

The association members were active in providing mobile phones and laptops for attending online classes for the deserving students during the Covid days.
