## Scholarship Policy

# SCHOLARSHIP POLICY

## **Introduction**

MES College Marampally is dedicated to cultivating academic excellence and promoting the holistic development of its students. Acknowledging the financial challenges encountered by a significant number of students, the college administration is devoted to offering scholarships to deserving individuals. Alongside the management scholarship, the Parent Teacher Association (PTA), Alumni, and various departments contribute to providing scholarships for meritorious students. These scholarships are designed to empower students, enabling them to pursue their educational and extracurricular aspirations without being hindered by financial constraints.

**Criteria for Scholarship:** The MES College Management has established comprehensive criteria for the awarding of scholarships. These criteria include:

### **Economic Background**

Scholarships are primarily intended for students who face economic hardships.

### **Academic Excellence**

Recipients of scholarships must demonstrate good academic performance. To renew the scholarship, passing all subjects at the semester level is mandatory.

### **Extra-Curricular Activities**

Active participation and notable achievements in extracurricular activities are given weightage in selection process.

### **Sports Achievements**

Special consideration is given to students who excel in sports, with various scholarships earmarked for them.

### **Overall Classroom Performance**

The holistic performance of students in classroom activities and engagement is taken into account.

### **Note**

Students facing disciplinary actions are not eligible for any scholarships.

### **Application Process**

Interested students may apply for scholarships through the prescribed application form available at the college office. The application should include details about the student's economic background, academic achievements, participation in extracurricular activities, and sports accomplishments.

### **Selection Process**

The application must be forwarded by the Head of the Department with proper comments and recommendations to the Principal. The Principal, after ensuring that the student has not undergone any disciplinary actions, will forward it to the scholarship committee. The Scholarship Committee, constituted by the college management, will meticulously review and assess all applications. The committee may conduct interviews or evaluations, as deemed necessary, to ensure a fair and transparent selection process.

### **Benefits of Scholarships**

Scholarships provided by MES College Marampally aim to offer substantial support to students with potential in both academics and extracurricular activities who face financial challenges. The benefits include financial assistance for tuition fees, books, and other educational expenses.

### **Conclusion**

MES College Marampally is proud to contribute to the educational journey of its students by providing scholarships that enable them to spread their wings and achieve their full potential. The college management remains committed to fostering a nurturing environment where every student can thrive academically and personally. This scholarship policy is subject to periodic review and may be updated as per the discretion of the MES College Marampally Management.
