ACTION TAKEN REPORT ON FEEDBACK ANALYSIS OF CURRICULUM ACADEMIC YEAR 2021-22

In response to valuable feedback received from various stakeholders, the institution diligently undertook a comprehensive analysis of the curriculum for the academic year 2021-22. This feedback was pivotal in identifying areas of improvement, and subsequent actions were taken at both the department and college levels to enhance the overall learning experience. The following measures were implemented based on the feedback analysis:

Introduction of Job-Oriented Add-On Courses:

In an effort to bolster students' employability skills, the institution introduced new, job-oriented add-on courses. These courses are meticulously designed to equip students with practical skills that align with industry demands.

Expansion of Extension-Social Activities:

To foster a holistic learning environment, there was a deliberate increase in extension-social activities. These initiatives are crafted to impart real-life, value-based lessons, enhancing students' social awareness and ethical decision-making.

Promotion of Internships and Experiential Learning:

Recognizing the importance of hands-on experience, the institution took intensive measures to promote internships and experiential learning opportunities. This ensures that students gain practical insights and are well-prepared for the professional world.

Creation of Ecosystem for Student Innovations and Entrepreneurship:

A dedicated ecosystem was established to nurture student innovations and entrepreneurship. This initiative encourages students to showcase their creativity and participate in national-level competitions, fostering a spirit of innovation.

Promotion of Intensive Research:

The institution actively promotes intensive research through newly established research departments. This initiative aims to engage students in meaningful research activities, contributing to the academic excellence of the institution.

Advocacy for Curriculum Updates:

Recognizing the importance of staying current, formal requests were made to include more updated topics in the curriculum. These recommendations were communicated to the Board of Studies through the appropriate channels, emphasizing the need for a dynamic and relevant curriculum.

Encouragement of Research Paper Writing and Conference Presentations:

Students were actively encouraged to engage in research paper writing, and opportunities for external conference presentations were facilitated. This promotes the dissemination of knowledge and provides students with platforms to showcase their research findings.

Periodic Paper Presentations under the Research Promotion Council:

Regular paper presentations by students were conducted under the supervision of the Research Promotion Council. These sessions provide students with a structured platform to present their research work and receive valuable feedback.

Initiation of Competitive Exam Coaching:

Recognizing the importance of additional qualifications, coaching for competitive exams such as JRF, IELTS, CMA, etc., was initiated. This decision aims to support students in their pursuit of academic and career excellence.
